# Our vision

Creating a place and a community  
for students, employees,  
researchers and industry partners,  
that focuses on technology and  
sharing knowledge

# ORBIT Lab is...

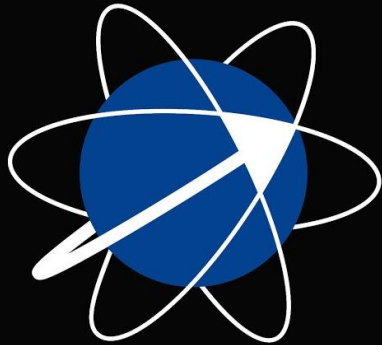

- A technology laboratory
- A place to work on projects (school and personal)
- A connection to industry partners

# ORBIT Lab offers...

- Equipment: Lending + help and guidance
- Sparring and help from students and employees
- Knowledge sharing
- Collaboration with industry (if requested)
- Events with focus on tech
- A place to work on projects (#extraMonitors)
